 - b. Copies of completion of training as outline in the educational standards
2. Payment of certification application fee

Evergreen Certifications will certify applicants who meet the above requirements.

Please note: Certification does not imply endorsement of clinical competency. As a professional, you are responsible for reviewing the scope of practice, including activities that are defined in law as beyond the boundaries of practice in accordance with and in compliance with your profession's standards.

4.0 Renewal of Certification

To maintain certification, a renewal is required. The steps to apply for a 1-year renewal are as follows:

1. Submit the following documents:
 - a. A copy of your professional license as well as a completion certificate for six (6) clock hours of self-regulation, mindfulness and/or meditation-focused continuing education or professional development
2. Payment of renewal application fee

You can also apply for renewal for 2 or 3 years. Follow the process above, submitting twelve (12) clock hours of training for a 2-year renewal, and eighteen (18) clock hours of training for a 3-year renewal.

Renewal training hours need to have been taken in the time since you were certified or last renewed. Renewals are calculated from the date that your certification was issued.

If you allow your certification to lapse for more than 3 years, you are no longer eligible to renew your certification and instead can reapply for certification.
